## **ROLLCALL**

Alphington Grammar School has implemented the RollCall System into its Private Bus Service to allow many new technological enhancements. The system will provide the School with real time information on student movements on and off the bus network and live route tracking just to mention a couple of benefits.

These capabilities are extended to the parents of the students on these buses via a Parent App which allows parents to receive live alerts when their children get on and off the bus. In addition to increase flexibility to parents, RollCall allows the School to introduce a casual traveller option.

Please refer to the following videos on how to setup and use the RollCall System:
