Dear Parents and Parent Liaisons,

RE: Fascinating Frogs Incursion

Please note that Year 2 students will be participating in an educational session with the **Darebin Park Ranger** on Thursday 3 November from **9.30- 10.30am**.

The Fascinating Frogs session will support our science program which explores living things, their lifecycles, and habitats. Students will tune in to the sounds of a noisy wetland and join the excitement of listening to and identifying the frogs of Melbourne. Using large pictures and pre-recorded frog breeding calls, students learn about the frogs that live in their local creeks and wetlands.

Yours Sincerely,

Mrs Downey and Mrs Mowat
Year 2 Class Teachers
